Jewels of automata Theory & Highlights 2024

INVITED SPEAKERS

12 Jewels

Wolfgang Thomas

Artur Jeż

Jarkko Kari

Barbara König

Jérôme Leroux

Anca Muscholl

Karin Quaas

Daniel Smertnig

Nathanaël Fijalkow

Marc Zeitoun

Tatiana Starikovskaya

Georg Zetsche

1 shared

Mikołaj Bojańczyk

3 highlights

Albert Atserias

Pablo Barceló

Laure Daviaud

PARTICIPATION

- 161 registered on site (a bit less present)
- 132 online participants
(practically 8 to 26 connected, 10 on average).
- 44 declared participating to HCRW

BUDGET

Budget around 15000€ (ie 94€ / participant)

- 2700€ from subvention
- The rest from registration fees
- 20 non-paying participants (organizers + invited speakers)
- All is used for food

OTHER FEATURES

- Colocation with jewels of automata (no tutorials)
- continuous sessions, no parallel ones
- Posters
- HESSS (Pierre Vandenhove)
- HCRW (Théo Matricon)
- Zulip (use open problems, open positions)

PC Highlights 24

Bartek Klin (chair)

C. Aiswarya

Shaul Almagor

Christel Baier

Azadeh Farzan

Sam van Gool

Ichiro Hasuo

Barbara König

Karoliina Lehtinen

Anthony Widjaja Lin

Anca Muscholl

Ana Sokolova

Szymon Toruńczyk

Sophie Pinchinat

- 11 submissions in the "early bird" stage
- 100 submissions in the main stage
- 1 submission rejected (out of scope)
- 14 talks cancelled/withdrawn for various reasons
- 96 in-person talks

Organising committee

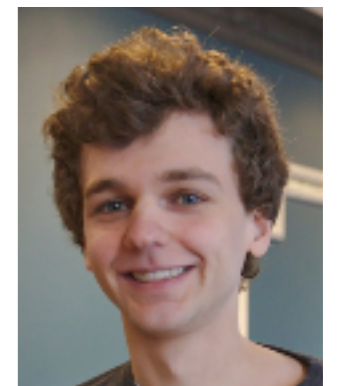

Rémi Morvan, Théo Matricon, Vincent Penelle, Nathanaël Fijalkow, Corto Mascle, Ophélie Lacaule

Auriane Dantes

Sylvain Lombardy

Pierre Vandenhove

Highlights 2025 in Saarbrücken

Program chair

Christel Baier (TU Dresden)

Organisation chair

Benjamin Kaminski (Saarland University)

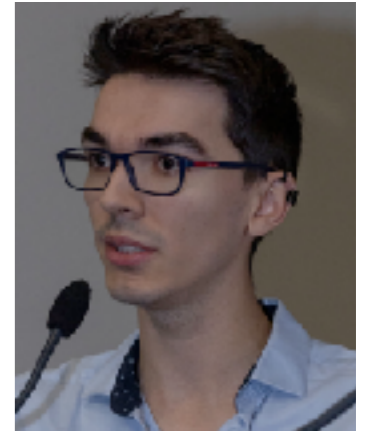

Dates not yet fixed

HCRW (23-27 September)

Highlights Collaborative Research Week

Begins Monday at 9:30 am for an **open problem session**.

Théo Matricon

Workshop on population games

-> Corto Mascle

Use **zulip** to contact each other, (eg for organising your week-end)

Workshop on algebraic methods in automata theory

-> Rémi Morvan

Prepare your **open questions** !

Workshop on enumeration complexity

-> Yann Strozecki

If you want to present one Monday morning, contact Thomas Colcombet.

Thank you
